

# Radium Run

Approx 278 KM

WC

A bit tired or sore from the long rides getting to Kimberley? Here's a shorter ride option leaving a little later than the others but still offering beautiful BC riding and an amazing destination. Highway 93 passes a few large lakes and the hot springs in Radium is a sight to see in itself. Do use caution as there are a couple raised railway crossings that can sneak up on you. The lunch stop is one of my favorites in the area as well, Horsethief Creek Pub & Eatery. This ride will get you back to the lodge in time to relax by the pool or look around Kimberley before dinner and the nightly events.

- 1 - Start – Trickle Creek Lodge
- 2 – Just a waypoint to keep you west of Windermere Lake on the way to Radium
- 3 – Lunch in Radium at Horsethief Creek Pub & Eatery
- 4 – Sightseeing stop at Radium Hot Springs
- 5 – Fuel at Radium Petro-Can
- 6 – Fuel at Kimberley Shell before heading up hill to lodge
- 7 – Finish – Trickle Creek Lodge
